Annexation Hearing Continued To Dec. 11

CHRISTEN DEBATE RATTLES ON-- GOOD AND BAD POINTED OUT

The Christen annexation entered about round nine in this 10-round go at Monday night's City Council meeting when both sides brought out some of their strongest representatives to try to wrap it up.

Del Wilson, Daly City realtor and former city councilman, started off the discussion by suggesting that the Christen lands will give Daly City drainage problems, and until these can be worked out, annexation should not be considered. Sanitation costs per \$100 have risen from 23c in 1960 to 48c in 1961, and with these rising costs he believes that the Sanitation District should not be burdened with additional expenses.

Henry J. Budde, representing Christen interests, then spoke up.

"We believe that the growth of Daly City is heading south. The southern boundaries of Daly City surround the Christen lands. When our interests reach the point that it is no longer profitable to dairy farm, the property will be subdivided. At present, there are options to build both a Catholic hospital and a Jewish hospital. Both want to go into Daly City because of fire and other protections. We think your good judgment will realize that it will be advantageous to the city, and urge you to give it serious consideration."

Mrs. Guido Merlino, 74 Vale street, was worried about her taxes.

"In 1951 we paid \$46.88 to the Sanitation District and got a \$3 dividend. In 1961 we paid \$49.14 with no dividend. Also, now we have a sales tax. I don't think it's fair to tell the city it's profitable to annex when the figures show it isn't. It's not fair to keep annexing. The builders should tell the truth."

Councilman Pacelli pointed out that the taxes have gone up, but so has her husband's salary.

J. A. Arch, director of finance, suggested that the new additions to Daly City have paid at least their share of taxes. The increase in taxes has been a result not of annexation but of inflation.

"The average assessed value in Westlake is \$4,400. In the old part of the city it's \$2,600 to \$3,200. What this means is when the valuation is higher, then the taxes are higher. These figures indicate that on an overall basis annexation aids all parts of the town."

(Continued on Page 2)

Local Marina Bid Accepted

The South San Francisco marina became one step closer to a reality last week when bids were opened by the city council and a low bid of \$691,692 was selected.

The bid was some \$20,000 over an engineering estimate of \$671,000. The contract will go to the Healy Tibbets Construction Co.

Acceptance of two alternate bids may bring the amount of work for the first unit of the project to almost \$800,000. Approval of alternates would mean the use of more permanent

Callan Trial Nov. 27 On Felony Charges

Jury trial was scheduled for Nov. 27 at 10 a. m. for Sergio Gregoriev and Thomas J. Callan, Jr., indicted on multiple felony charges stemming from purchase of 20 tax delinquent lots in 1960.

Melvin E. Cohn, representing Callan, said his client "has committed no real crime and the sooner he is acquitted the better." He said Callan is only accused of notarizing deeds for his friends.

Callan, wealthy son of former Supervisor Thomas J. Callan, Sr., and Gregoriev, former Carlmont High School mathematics teacher, are accused of acquiring title to 20 lots by paying back taxes for five years and then executing deeds for the lots to Gregoriev. Callan

Zanzibar Schoolmar'm Drops In At Jefferson

An African schoolteacher from Zanzibar visited Jefferson High School Friday.

Mrs. Saada Barwani, an attractive, articulate, home economics teacher, visiting the San Mateo County school system with 19 other African teachers, is here for three months to learn again instead of teach.

"The purpose of our group is to study the American system of education to see what we in Africa can adopt."

The group is sponsored by AID, Agency for International Development, and is comprised of teachers from 10 East and West African states. The group landed in New York in September, and since then has visited schools from Vermont to San Francisco. The teachers leave in December for home.

"Our people are ready now, but facilities are not available," she said. "We are very short of schools in Zanzibar. We do not have compulsory education because we don't have the facilities."

"We have five high schools on the island. Beyond that there is only a single junior college. To get a university education a student must go to England or Uganda. We are building new schools, but we do not have enough yet."

Mrs. Barwani was educated at Bristol in England. She received her degree in home economics, and returned to her home to teach.

While others in the entourage visited other peninsula schools, Mrs. Barwani met early Friday morning with Jefferson Principal John Mongan, and spent the day in classes at the Daly City school. She lunched at Mr. Mongan's home, and returned at the end of the day to meet with her group.

The group leaves this week for visits in North Carolina, and then on to Washington and home. The ladies enplane on December 9th for Africa.

Jefferson High School's winning 110s, champions of Peninsula League with a 9-1 record.

Jeff 110s Capture 1st; 120s Hang On For 4th

The Jefferson High School 110s and 120s finished their seasons last week, with the 110s emerging as the league champs, and the 120s settling in fourth place.

Highlight of the champion 110s' season was a stirring 19 point final game performance by Bill Jones. It was a season high, and helped the Indians to gain first spot by beating Mills.

For the 120s, high scorer for the season was Tom Snodgrass. He led this sophomore-led aggregation with 98 points.

Jefferson now turns its attention to varsity and 130s action. Both teams are readying for the first December practice games, to be followed by Peninsula League openers in early January.

Holy Trinity Church-School To Be Built

Assistant Secretary of Labor Esther Peterson, personal representative of President John F. Kennedy, will be guest speaker at the 7 p. m. banquet in the New Grand Ballroom of the Fairmont Hotel in honor of the new Holy Trinity Church and School of the Greek Orthodox faith to be erected on Brotherhood Way in San Francisco.

Construction began on the new church Nov. 13. The contract for construction has been awarded to the firm of Harrold and Williams of Sunnyvale.

Groundbreaking ceremonies will be held at 1 p. m. Nov. 19 at the new church property, followed by the banquet at the Fairmont.

Over 100 persons are expected to attend this affair. The Divine Liturgy officiated by the Bishop of the Western Diocese, His Grace, Bishop Demetrius will be held at 10:30 a. m. at the present church.

In 1959 the building fund committee selected Frank Lloyd Wright to design the new church and school, after screening 23 architects for over a period of six months.

Unfortunately Wright passed away one week before the time was set aside by him to begin designs for the project. After careful evaluation the architectural firm of Reid, Rockwell, Banwell, and Tarics of San Francisco was commissioned.

The Holy Trinity Church was founded in 1904 at its present location, 345-7th Street. It was the first Greek Orthodox Parish founded in the West. For many years it served all Orthodox Christians in Northern California. Today it serves more than 2200 families.

With no room for expansion at the present location, it became the decision of the parishioners to purchase land to build a larger church along with a

High School Dist. To Get \$85,000 For Landslide

A plan to accept repayment for \$85,000 in damages incurred in a 1959 landslide at the Westmoor High School site was approved Monday night by the Jefferson Union High School District board of trustees.

The board is expected to later recapture any expenses and damages spent in engineering appraisal on the 21 acres of land owned by Callan interests.

The land was graded in 1959 by grader H. Earl Parker of Marysville and then the land began to slide. After conversations with the district engineers, district attorney and insurance companies, the district ultimately filed a \$120,000 suit against the Callans, Zita Corp., Parker, and all persons having anything to do with the operation.

Insurance companies took depositions and defendants attempted to have a common sharing. Callans owned the land but were said to have no jurisdiction.

A Note To The City On Fallout Shelters

Dear Mr. Mayor:

A lot has been said and written about fallout shelters during the past months. Having lived in Europe during World War II, I had some first hand experience with air raids and with shelters. Air raid shelters are definitely a matter that should not be left to private enterprise. It is not a business proposition but a matter of life and death for the entire population.

People have always deluded themselves about imminent danger of enemy attack and they are doing so again, since only a small minority is building backyard fallout shelters.

By the way, being close to a major target area, we should be protected against heat and blast, and not just against fallout.

This is where my suggestion comes in. As you know, there are hillsides and slopes near Skyline boulevard which provide an excellent opportunity for a low-cost system of interconnected tunnels to run between 50 and 100 feet below the surface. The same is true for the hillside East of Mission street. Of course, there could be many tunnel entrances in different locations and the individual tunnels would be interconnected.

They would have to be no higher and only twice as wide

as a regular doorway in a standard home. They would be lined with reinforced concrete to prevent cave-ins. Food, water and medical supplies could be stored in special niches every 100 feet or so.

You would be amazed to see how many people could be accommodated in such a shelter system, and in particular, at the very wonderful feeling of security one has being protected by 50 to 100 feet of earth above while an air raid is going on.

Nobody in Daly City would have to be farther than 10 minutes running distance from the nearest tunnel entrance. Add five minutes for getting ready at home and another five minutes for the actual entering of the shelter, and you get 20 minutes to take cover. This is less than the minimum warning time our global radar system would give us in the event of missile attack.

Please take a few minutes to consider this outline. It could save everybody's life in Daly City. I don't think backyard fallout shelters would withstand the heat and blast of a 50 megaton bomb set off over the center of San Francisco. I shall be glad to answer any questions you may have.

Respectively yours,
Peter W. Stein
251 Fairlawn avenue.

Westlake Residents Air Ire To Council Over New Estates

"It's time the City Council got down to business and took care of the needs of the people, not the developer."

Thus the tenor of Monday night's City Council meeting was set by Jack Klein as the Council came under fire to:

A.—Do something about traffic problems caused by the Westlake Estates and,

B.—Give careful thought to any new city annexations.

A covey of citizens was on hand to protest the increasing flow of traffic from the new Westlake Estates through subdivision No. 1 and onto Lake Merced Blvd.

"This is one of those things," said Acting Mayor Joe Verducci. "We are on the horns of a dilemma. We can't please everyone."

A petition by Hartley R. Appleton, attorney for Westlake Subdivisions Improvement Association, was filed last week protesting a situation that compels two small residential roads to handle all the traffic flowing through Subdivision No. 1 and onto Lake Merced boulevard.

"We can't understand why El Portal can't be closed," said Don Leek, 56 Cliffside. "There's still access to Lake Merced."

Mr. Timmons, spokesman for the Doelger Corp., took the other side. "We feel that in any case, El Portal should be open. It connects two parts of Daly City."

"Anyone who lives in the area knows it is a logical and properly connecting street. Closing it would be unfair."

Timmons pointed out, however, that the Doelger Corp. was prepared to go along with any decision reached.

The problem is caused by the contiguity of Subdivision No. 1 with San Francisco County, and San Francisco owned Lake Merced boulevard. Three proposed routes onto Lake Merced south of the "triangle" formed by the lake have been refused by San Francisco. This causes the traffic to be channeled

(Continued on Page 2)

The Horn Blew At Midnight!

Dear Sir:

There have been times when all of us have wanted to write letters to express either a compliment or complaint but it never seemed to get into the mails. However, this is not one of those times.

I would like to express my disapproval of the horn being used by the Daly City Fire Department on Lake Merced Blvd. It was bad enough before it was changed recently to this even more irritating sound, but now it is beyond comprehension.

I do not understand why the horn is at all necessary — even the noon horn is not needed. This is not a manufacturing location. Everyone I am sure has a clock, watch or radio to let them know when the noon hour is here.

What possible excuse does the Fire Department have for need-

ing such a horn? It is NOT a volunteer fire department where the volunteers must be "rounded up" to fight a fire. If it is a signal to warn someone (who, I do not know) where a fire is, why is it always 6 blasts? Also, should it be a signal, what is wrong with using conventional modern devices in the way of communication? I cannot believe that either the firemen or city officials could possibly live in this vicinity or they would have long since abolished the use of this horn.

Last night—during the middle of the night — we were awakened by these 6 blasts but not one piece of equipment left the station. I am certain if you investigated you would find the entire area in agreement.

Would you please see what

(Continued on Page 2)

HIGH SCHOOL DISTRICT TAX RATE HIKE ASKED

A general purpose tax increase election in February, 1962, calling for an increase in the Jefferson Union High School District general purpose tax from \$1.35 to \$2 has been asked by district superintendent Edward Morgan.

The increase is to balance income and expenditures due to rapidly increasing enrollments.

During the 1960-61 school year, the district spent \$229,152 more than its income; for the current school year (1961-62) the district has a budget deficit of \$421,916.

In a letter to the board, Morgan stated: "For 15 years our district has been able to develop its excellent educational program without requesting a general purpose tax increase. No other school district in San Mateo County, and possibly the entire Bay Area, can claim such a tax record!"

"It should be noted that the board of trustees, having the power to levy \$1.35 each school year since 1947, did not levy this full amount when funds, in their opinion, were not needed."

"This year, San Mateo County has 22 elementary school districts, five high school districts, one unified school district, one junior college district. Excluding the junior college district, which by law is limited

to a 35-cent maximum general purpose tax, the Jefferson Union High School District's \$1.35 is next to the lowest general purpose tax being levied. Tunis Elementary District, with a 1960-61 average daily attendance of 11 students, is levying a general purpose tax of \$1.34 during this tax year."

"The record further reveals that for San Mateo County elementary school districts, the general purpose tax levied ranges from Tunis' low to a high of \$3.24 per \$100 of assessed valuation. For several years, our district has been levying the lowest high school general purpose tax in our county."

Westlake Riders To Keep Feet Dry

The Westlake Subdivisions Improvement Association seems to be winning in its battle to protect local bus riders.

In the past few months extensive repairs have been made on the bus shelters that protect Daly City-Westlake bus riders from foul weather. The main effort now is to have the ground around the shelters paved to protect riders from mud.

On Tuesday, Nov. 7, William A. Upp, architectural chairman of the WSIA, met with A. A. Smith of Pacific Greyhound Lines, and George B. Grever, veteran driver on the Westlake run, and the group made a complete survey of all the bus stops in the area.

The efforts of this group were to determine what is needed to be done to the bus shelters to protect against the drippy weather of winter.

The survey revealed the need for blacktopping around almost all the shelter areas, and a need for paved pathways at such stations as Westmoor and Skyline Blvds.

On Friday Nov. 10, Mr. Upp

and Robert Gunthrop, director of WSIA, met with George Alphens of Daly City Department of Public Works to discuss action to be taken.

Callan Trial

(Continued from Page 1)

notarized the deed transfers.

District Attorney Keith C. Sorensen said Gregoriev and Callan got title to \$19,680 worth of property for a cash outlay of \$820. Gregoriev paid \$820 in back taxes due by the owners of the 20 lots. Gregoriev used a number of non-existent individuals as "owners" of the lots, rather than the real owners, in making the deed transfers, Sorensen said.

Callan, 37, is charged with 52 counts of conspiracy, and Gregoriev, 35, with 68 counts of conspiracy, forgery and offering forged or false instruments for recording. Both men pleaded innocent to all counts in their appearances in court Nov. 7. The jury trial is expected to last at least two weeks.

Reapportionment Referendum Plans Made By Demos

Petitions will be circulated in San Mateo County to force an election for mandatory reapportionment of supervisorial district boundaries every 10 years. This was decided upon by the Council of Democratic Clubs of San Mateo County, headed by W. Mark Sullivan, chairman.

The group hopes to get the issue on the June 5 ballot for county voters to decide on.

According to Sullivan "We believe there is sufficient support of this measure to warrant putting it on the ballot."

OVER REPRESENTATION
Council members are concerned because the supervisorial district boundaries are such that the northern district supervisor, James Fitzgerald, has 33.5 per cent of the county population within his district. Supervisor Alvin S. Hatch, on the southern coastside, has 1.7 per cent of the county population within his district.

Second district supervisor Louis Chess, has 27.1 per cent and third district supervisor William Werder's district carries 28.5 per cent of the population. Edward McDonald's fifth district has 9.2 per cent.

PER CENT MINIMUM
The ideal representation for districts, Sullivan said, would be 20 per cent of the population apiece, but a 17 per cent minimum "would insure that any three supervisors would represent a majority of the people."

The present position, he said, is that three supervisors voting on an issue could represent only 40 per cent of the people.

"For 30 years, Sullivan stated, 'the county has not seen a reapportionment of supervisorial districts. Yet we've had the power to do this all the time.'

30 YEAR LULL
"In the early 1930s Col. Frederick Peterson fought reapportionment all the way to the supreme court of California to compel the San Mateo County board to reapportion. The decision was that he could not take this action. However, the board went ahead and did reapportion . . . but they didn't do a very good job."

Sullivan is a professor at College of Notre Dame in Belmont and an unsuccessful candidate last year for the county board of education. He asked the board Nov. 7 to instruct District Attorney Keith C. Sorensen to draw up a charter amendment.

The amendment, he declared, should require redistricting within three years after every decennial census and provide that each of the county's five districts would have not less than 17 per cent nor more than 23 per cent of the total county population.

CITIES FAVOR PLAN
Sullivan told the board that six city councils have adopted the resolutions supporting the measure and two more cities will soon take similar action.

The board suggested that Sullivan's request be referred to county manager E. R. Stallings for him to take up with the new advisory redistricting committee appointed by the board.

Sullivan said, however, that

the matter of the proposed charter amendment was not a proper question for the redistricting committee to study and that a report on the board's findings within six months was "an unacceptable determination of this question."

"We have a recourse," he said. "We will use a petition of necessity."

W'lake Residents

(Continued from Page 1)

neled up Cliffside, onto El Portal, and by a temporary access road onto Lake Merced going north. The citizens are distressed with the large volume of traffic flowing onto these residential streets so narrow that one car must stop to allow another to pass.

"If the developer gets his way here, he gets a green light on anything he wants," said citizen Jack Klein. "I think the council should look into these things a little more; it ought to get the Planning Commission on the ball and get the council on the ball."

This was followed by the loudest applause of the evening. After Verducci rapped for silence, Jim Reed, 86 Cliffside, rose and had this to say:

"I think the council ought to consider the children. These access roads should be limited to light vehicles. The council ought to consider 'something relative to speeds.'"

According to William Chapman, city engineer, the problem is a difficult one to solve because of San Francisco's consistent refusal to allow any new access roads to be built.

The problem was taken under advisement by the council, and the various groups will schedule meetings to try and find a solution.

Christen Debate

(Continued from Page 1)

When valuation is higher, higher water bills are paid."

Julius Castelan, local engineer, stated that he believed new areas should have to pay to come into the city.

"In L. A., they have to pay \$400 per lot to come into a city," Castelan stated that new areas get all the attention, and the old areas are left to rot.

Not so, replied City Engineer William Chapman. The only repairs done in Westlake have been a minor resurfacing job near Westmoor street, and a signal at Lake Merced and South Mayfair. In Old City, Market street has been rebuilt, Mission, Brunswick, and many more.

After a suggestion was made that the council turn this over to the citizens for a referendum vote, Mayor Verducci stated that the issues will be carefully weighed.

"The Council has not made up its mind. We have three alternatives: accept, reject, or have a referendum. If we feel it is for the betterment of the city, we will vote on it."

A final decision was postponed until Dec. 11.

MISS DALY CITY OF 1961, Lynette Fishel, accepts B'Nai B'rith's Harvest Ball Ticket booklet No. 50 from Dagmar Stein. The 50th ticket book, honorary to commemorate Daly City's 50th Anniversary, holds tickets to B'Nai B'rith's Harvest Ball to be held this year on Nov. 18 at the Sheraton-Palace. The annual event is held to sponsor B'Nai B'rith's numerous charities. Interested parties can obtain information by contacting Harvest Ball Chairman Anne Light at PL 5-7790.

Our Lady Of Mercy Schedules Christmas Decorations Festival

A real treat is in store for Our Lady of Mercy parishioners and their friends, for the next scheduled pre-festival event will be a "Christmas Decorations" sale. Mrs. Philip Fraher has announced that the chairman is Mrs. Charles Wester and the co-chairmen are Mrs. Marilyn Silver and Mrs. Lloyd Madigan. The date of the sale is December 3 and it will take place in the parish hall after all the Masses.

All sorts of holiday decorations for the home will be available—tree ornaments, table and mantle centerpieces, wreaths, and many novelties will be sold at nominal prices.

Mrs. Wester and her committee are working daily on their fabulous creations designed to add to everyone's home decor during the holiday season.

The Christmas Decorations sale, like other events throughout the year, raises funds for the annual Our Lady of Mercy Festival to be held on May 3-6, 1962. The theme announced for next year's spring festival is "Space-O-Rama."

General chairman is Dino Tonelli. Members of the festival general committee are:

High School Dist.

(Continued from Page 1)

Representing the district was attorney Len Summey. Lloyds of London gave an \$85,000 insurance estimate on the damage. The engineer's estimate amounted to \$94,000.

District Superintendent Edward Morgan said the district had already spent some \$13,000 on engineering surveys on the property.

The Horn Blew

A Disturbed Sleeper

Holy Trinity

(Continued from Page 1)

school to teach the Greek Orthodox Faith, and cultural traditions of Hellenism.

The church will be circular in form with an approximate seating capacity of 900.

The school will be located directly below the church with 15 classrooms to accommodate approximately 300 children for religious study, and cultural instructions. On Oct. 29, 1957 the property on Brotherhood Way was purchased by the Holy Trinity Parish.

Chairman of the building fund committee is Dr. Gus T. Kerkulas; President of the Parish is George Kartinos; Pastor of the Parish is Rev. Anthony Kosturos.

Ryan Opposes Byrd In County Assembly Race

Councilman Leo Ryan of South San Francisco has declared himself a candidate for the wide open north county assembly district race after Assemblyman Louis Francis declared he would not seek reelection in this district.

Ryan, who opposed Francis three years ago, is a former Democratic Club president in South San Francisco. He is in his sixth year as city councilman.

The first Republican to officially announced his candidacy for the spot is Burlingame Mayor Andrew Byrd, 12-year veteran of the Burlingame council and three times mayor.

Officers Elected At Thos. Edison School
Members of the Thomas Edison Student Council elected new officers on Nov. 9.

New president-elect is Janis Karp from Mrs. Walden's fifth grade. Ricky Miller, in Mrs. Kent's sixth grade, was elected vice president; Linda Currier, in Mr. Jonas' sixth grade, was elected secretary and Steven Pilachowski in Mr. Holm's fifth grade was elected treasurer.

Other members of the Student Council are as follows:

Russell Byers and Susan Rispoli, in Mrs. Katsaros' third grade; Deborah Kerreos and Lynn Markman, in Mrs. Kazakoff's third grade; Eric Ensign, in Mrs. Gergersen's third grade; David Goldman and BryAnn Barton, in Mrs. Sherin's third and fourth grade class; Steven Levin and Erynn Ensign, in Mrs. Vinnick's fourth grade; Nickie Orabine and David Salinger, in Mrs. Burchard's fourth grade; Betty Shively, in Miss Johnson's fifth grade; Jeanne Amaroli, in Mr. Holm's fifth grade; Evelyn Meneken, in Mr. Jonas' sixth grade; Chris Mecl, in Mrs. Walden's sixth grade, and Larry Sullivan, in Mrs. Kent's sixth grade.

These new officers will lead the members of the student council in completing and adopting a school constitution.

Bid Accepted

(Continued from Page 1)

materials, and thus lower maintenance costs would mean the state would be repaid its loan more rapidly.

The proposed contract must be approved by the state small-boat harbor commission, and work then is expected to begin within 30 days.

Designed to provide slippage for 256 small boats, this first unit of the project will see development of some 80 acres, about half the area eventually planned to be used.

Clothes lines are all wet

BUY A DRYER

No more rained-out washdays when you own a dryer. Rain or shine; day or night, you're the boss! You can dry clothes in minutes, whenever you like. And you can dry almost anything because the new dryers reduce heat as clothes get dry . . . protecting even the most delicate fabrics. That means clothes come out so soft and wrinkle-free that little or no ironing is needed for many things. Why not buy a gas or electric dryer before the rains come . . . and beat Mr. Weather at his own game!

The View From ...Behind The Badge

Written and Edited by Daly City Police Department

During the fiscal year 1960-1961, the Daly City Police worked a total of 9,364½ days. They enjoyed 4,345½ days off, and were sick a total of 275 days. Days lost as a result of line of duty injuries amounted to 12, and the personnel were on vacation for 549 man days.

Thirty-six days were devoted to in service training. Holidays (or other days in lieu of the actual holiday) were taken off in the amount of 107 man days. Accumulated time off amounted to 511 days. This is the amount of overtime worked which is later taken off as compensation.

Military leave amounted to 24 days, and suspensions to 25 days.

Police personnel worked 732 days—overtime and spent 102 days in court. They worked on 226½ holidays.

School crossing guards worked a total of 2,904½ man days. Reserve police worked a total of 3,038 hours on patrol and special assignments during the past fiscal year.

During this period there were 162 auto thefts perpetrated within Daly City's environs. Of these, 112 autos were recovered. The Department also recovered 63 autos which had been stolen in other jurisdictions.

The worth of property stolen, by one means or another, was \$258,585.22. The Police Department was able to recover property in the amount of \$190,967.58.

The Policemen issued a total of 17,014 traffic citations for the year. This is compared with 16,378 citations issued for the previous year.

Personnel served warrants of arrest from both Daly City and other jurisdictions. They served 3,550 local warrants and 3,704 foreign warrants.

Four motorcycles and eight radio cars travelled a distance of 235,722 miles, or approximately the distance from Daly City to the moon.

Our officers investigated 353 traffic accidents in which no injury was incurred; they also investigated 211 injury accidents in which 273 persons were hurt.

Other casualties included 65 investigated deaths of all types, and 40 known attempts at suicide. 140 persons were reported as missing, of whom we located 137.

Our officers affected 562 arrests for the year, or an average of approximately fourteen arrests per officer. There were 458 arrests for this city, and 104 made for other jurisdictions. Of the arrests made locally, the following breakdown is observed: 115 were for Penal Code Offenses and 83 were for Vehicle Code offenses. We arrested 36 people for violating provisions of the Welfare and Institutions Code, and 7 for the Health and Safety Code.

Fifty-seven people were arrested on local warrants and 137 persons were arrested for breaking city ordinances. Twenty-two people were given lodging for the night and one person was booked enroute to a Veterans Hospital.

TRAINING NEWS* The San Mateo County Law Enforcement Association this year again sponsored a recruit training school for new policemen in this county. This was done through the auspices of the College of San Mateo; the school was arranged by the Association's committee on Education, which is Chairmanned by Chief Petrocchi.

The school started on 11 September and the finishing date is 22 November. Recruits attended school four hours daily and worked four hours each night. Successful students receive college credits for their efforts and are considered to be basically trained.

Lieutenants Hansen and Walsh represented the Daly

City Police on the staff of instructors.

The Department sent five recruits to attend the school. These officers are Gordon Sims, Thomas Donohue, Neil Hamermann, John Kolkman, and David Gehring.

ZEROING IN* Rangemaster James Welsh, who conducts the Departmental monthly pistol and revolver training shoots, is arranging for a turkey shoot this month in honor of Thanksgiving. Several gobblers will be awarded to the lucky dead-eyes.

Officer Welsh alternates his firearms training by staging a combat shoot one month, and a Camp Perry type target shoot the next. This schedule proceeds all year round.

PERSONNEL GLIMPSES* It is customary for one member of the Investigation Division to be listed on the Bulletin as "on call" during the night. This is so that an inspector is always available to assist where and when needed even though these men are not ordinarily assigned to work around the clock.

Recently, every member of the Investigation Division found that he had scheduled a meeting to attend out of town on the same night. What to do? The inspectors attended their various juvenile and identification meetings, along with other officers. The man who was "on call" was Captain Roy Beecher, a detective of many years standing before he became captain.

Postal Facility Site Sought For DC-Colma Area

Efforts are being made to procure a site for a new postal facility for the Daly City-Colma area, according to Raymond R. Holmquist, San Francisco regional director of the Post Office Department.

Holmquist said the department is seeking an assignable option for approximately 80,000 square feet of land for the proposed new facility. He said the site should be within a three or four block radius of the intersection of Mission and East Market streets in Colma.

In order to speed up the project, Holmquist said landowners should contact James T. Ward, real estate officer, Post Office Department, 79 New Montgomery street, San Francisco 6. Ward can be reached also by telephone, YUkon 6-3111, extension 486.

"The department is anxious to move ahead on this proposed project," Holmquist said. "We hope to have several prospective sites offered in order that we may soon expand our facilities in the progressive Daly City-Colma sector."

Petticoats of City Of Hope Dance Set

In the spirit of adventure, the Petticoats of the City of Hope go to Sausalito for their next cocktail dance on Sunday, Nov. 19, at 8 p. m. at the Sausalito Yacht Club.

Music will be furnished by Dick Hart's orchestra. A donation of \$2 is requested for the evening.

All profits going to the City of Hope's medical center in Duarte for the free care of patients suffering from catastrophic diseases.

For information about tickets or bus transportation, call Miss Bettie Roybark, vice president, FT 6-3060, or Miss Bess Finch, JO 7-4686, door chairman for the evening.

Mongan during Friday visit to the high school. The home economics teacher is one of a visiting group of 19 African teachers that visited San Mateo County schools.

LETTERS TO THE EDITOR

Subdivision Causes Traffic Death Trap?

Dear Sirs:

My many neighbors and I wish to establish a written protest, following a previous oral protest by phone, to you people on the subject of the fire, earthquake and (God forbid) bombing, death trap that is being created by building a new subdivision, namely Westlake Estates.

This has been done with no forethought whatsoever to the traffic condition.

This new subdivision was planned with no thought of ingress or egress during normal operation of every person's daily coming and going, without situations like a large fire in the new tract or an enemy bombing.

Intentions have been posted of furnishing all this new traffic from the new tract onto Cliffdale drive to gain access to Cabrillo highway. Cliffdale drive has, for eight or nine years, been overloaded with careless speeders, whom the Daly City police will do nothing about.

They are waiting for the death of a youngster before installing a stop sign. This has been told to us, indirectly, by people who have complained about the situation.

It seems a very small minded view for Daly City police, who's own children do not play on Cliffdale drive, to take. However, it is beyond our power to combat this deplorable condition by any other method than to deluge you with written protest.

I pray this letter and the many letters from the people who are most concerned will move someone to force the city to construct another outlet from this new subdivision.

Sincerely,
VERNON BRAZIL,
54 Cliffdale Drive,
Daly City, Calif.

Lack of Traffic Outlets Protested

Dear Sirs:

I am writing this letter to protest as to the entrance and exit that has been established for the new Westlake Estates residences.

I am a homeowner and mother on Cliffdale drive and do not appreciate living on a highway which Cliffdale drive will be after another 120 cars or more will be passing through here, including commercials.

This street is too narrow now to take the traffic we have as is seen on the Daly City police records the number of cars that have been hit while parked in front of our homes.

There are only two outlets for this whole unit one at present, and I cannot understand how your engineers could make another mistake by not giving another 120 residences an outlet of their own.

The assistant manager of the council informed me that they could not put a road by the school down there because it would be too much traffic going by the school. Did you ever stop to look at the traffic that goes by Westlake school?

When most of us bought out here, we bought on a closed street which is the reason we picked this location. Since then you have opened our street and it is the most traveled street in all of unit one.

Sincerely,
MRS. HELEN LEEK,
56 Cliffdale Drive,
Daly City, Calif.

LOADING PEROLEUM

Big, ocean-going tankers can load petroleum and its products at the rate of 40,000 barrels an hour, according to the National Automobile Club.

Westlake Estates Traffic Access Hit

Dear Sirs:

I was surprised and shocked to learn that the beautiful new Westlake Estates will have only one access road in and out and that one being a very unhandy one, through El Portal way and then perhaps Cliffside drive.

I shudder to think what would happen in case of an emergency, as Cliffside drive is too narrow to carry even normal traffic.

I believe this is a condition which should be corrected promptly.

It seems to me that there should be two or more exits to any addition.

I wish to go on record as being opposed to the present plan. Respectfully,

W. B. BRADFORD,
57 Cliffside Drive,
Daly City, Calif.

Cliffside Drive To Become A Highway?

Dear Sirs:

Would you please see to it that Cliffside drive is closed to the new group of homes being constructed at this time. The traffic leading from this area will make Cliffside a highway and unsafe for our youngsters.

When we purchased our home in this area and on this street, it was because we wanted to reside in a suburban, uncongested street. Had we known it would become a highway, we would never have moved on Cliffside.

Please see that this street is closed to all traffic coming from the new homes in that basin area.

Sincerely,
MR. AND MRS. ROBERT
H. BELL,

COUNTY DOINGS

by JACK WOOD

The State Smallboat Harbor Commission is expected to approve a contract within the next couple of weeks for a municipal marina in South San Francisco to house 256 small boat berths. A low base bid of \$691,692 was submitted to the city Nov. 6.

San Mateo County Republicans have vowed to fight right down to the last ballot for the wide open North County berth to be vacated by Louis Francis.

A \$5,000,000 shopping center drops its veils Nov. 16 in Sunnyvale with the opening of CMA, 1077 East Arques avenue. The shopping center, with an excess of 152,000 square feet under one roof, is expected to be one of the world's largest.

If you would like to live in a sphere, free of fallout, a Belmont bomb shelter agency has the answer. They build fiberglass, laminated fallout shelters, digging a 13-foot hole for prospective clients. The shelter is a nine-foot sphere.

And speaking of fallout: Radioactivity ten times the estimated safety level fell in the Bay Area the weekend of Oct. 27 and 28. But the rainfall samples of more than 1,050 microcuries per liter of water were nothing to be concerned about because the rainfall was so slight.

Burlingame city councilmen have declared opposition to the rapid transit plan and San Mateo is expected to delay adoption until the Nov. 20 meeting.

Local canines will meet tough competition on Friday, Nov. 17, when Bobbie Davis, 16, of Northville, Mich., brings his silky terrier "Beggars Boy," all the way to the San Mateo Kennel Club's 58th annual Dog Show and Obedience Trials at the San Mateo County fairgrounds. "Beggars Boy" will be entered in the class for champions only.

San Mateo County United Crusade seeks a total of \$611,807. This annual federated fund drive is the major support of 29 youth, health and welfare agencies in San Mateo County.

Edmund Lewis To Address CCPT November 16

Edmund L. Lewis, chief of the education and information division, California Disaster office in Sacramento, will address the 17th District of the California Congress of Parents and Teachers at the next regular meeting, to be held at Laurel School, 95 Edge road, Menlo Park, on Thursday, Nov. 16, at 9:30 a. m.

Mrs. John P. Cuneo, public welfare director, announced that Lewis' topic would be "Civil Defense and You," which is of vital interest in view of prevailing events. Disasters—natural, accidental, or deliberate—occur. Our civil defense organization is here to help you, by planning and by action, in any community emergency. But civil defense is essentially self aid when disaster strikes. Know what to do! To learn the answer to this and many other questions, Mrs. Foriest Cunningham, 17th District president, extends a cordial invitation to all.

Edmund L. Lewis, with a master's degree from the University of Arizona, has a long background of experience in the present day field serving as editor of military and aviation affairs some 20 years ago. Lewis held many important posts since then, as safety and civil defense coordinator, consultant, state shelter study committee, executive secretary, governor's public information advisory committee and presently is chief, education and information division of the California Disaster Office in Sacramento.

Woman Shoplifter Tries To Get Away

Daly City police officer Jim Bergstrom found he had his hands full Monday, Nov. 13, when he arrested a mannish appearing woman in slacks and shirt at McGraw Bros. Pharmacy, 6300 Mission street, for shoplifting.

The woman, Rori Zahnd, 33, of 2766 Bryant street, was apprehended at the store with \$132 worth of merchandise in her shopping bag.

After her arrest, she jumped out of officer Bergstrom's patrol car and was brought back into custody at gunpoint.

FIRE FACTS

(This column is written by Daly City firemen and will be published in this newspaper weekly with the main purpose of informing the public of pertinent information about their Fire Department.)

Your Fire Department consists of 39 full time personnel and 32 volunteer or "paid call" men who operate from and maintain 5 active fire stations in Daly City. Two of these stations are manned by volunteer firemen who are called when needed by means of an air horn heard throughout the city. The other three stations are manned 24 hours a day by the full time personnel consisting of 1 Chief, 3 Battalion Chiefs, 6 Captains, and 29 hosemen.

Total equipment in the Fire Department consists of 5 combination pumps, 2 ladder trucks, 1 squad (rescue and salvage), 4 fire cars, 1 hose wagon, and 1 jeep. Of these all but the hose wagon and jeep have two-way radio controls for faster and more efficient dispatching.

A control room in Central Station on Lake Merced Boulevard is manned 24 hours a day for receiving and dispatching information to other stations and fire units. The fireman in this control room must receive all fire alarms (from the fire alarm system and from Police Headquarters at the City Hall), answer the telephones, and monitor the police radio.

During the past week, November 6 to November 12, the fire department answered the following 36 alarms:

Burning complaint, 2; Chest-erfield fires, 1; False alarms, 7; Furnace fires, 1; Garbage can fires, 1; Grass fires, 2; House fires, 1; Lockouts, 11; Oven fires, 3; Resuscitator calls, 2; Rubbish fires, 2; Stove fires, 1; Smoke scares, 1; Water heater, 1; Total, 36.

As you see by the above figures many of our calls of last week were "lockouts." This is just one of the "extra" services your Daly City Fire Department performs as part of their regular routine. Since the fire department is equipped to gain entry with the least possi-

ble damage without a key they have offered the homeowner in Daly City his service without cost. Last year this department responded to 311 lockouts—A saving of many dollars and much inconvenience to the taxpayers. This is just one of the many ways the fire department offsets its operating costs with services to the public while still performing its duties as an emergency service of the city.

Thought for the week... Do you know the fire department emergency telephone number?

Child-Television Debate Before YWCA

Children and Television—How much should they watch it? What kind of program?

This subject will be hotly debated at the Nov. 20 session of the YW College for Housewives, the YWCA group now meeting Monday mornings at the Westlake Bowl.

Leading the discussion will be a representative of the television department of San Francisco State College, Mona Baker, who has produced children's television programs, and Frances Trainor, nursery school teacher.

Local women are invited to attend. Free nursery care is available for infants and preschool children. A coffee and chat time at 9:30 a. m. will precede the discussion.

Serra Grad Promoted To Army Captain

Robert E. Roddy, 28, son of Mr. and Mrs. Carroll J. Roddy, 980 Southgate avenue, Daly City, recently was promoted to captain in his 96th Transportation Company located in Bohligen, Germany. Roddy is the company commander.

Captain Roddy entered the Army in October of 1956 and arrived overseas on this tour of duty in November, 1959.

The captain is a 1952 graduate of Serra High School, San Mateo, and a 1956 graduate of the University of San Francisco.

Rapid Transit And San Mateo County

by Jim Goldsborough

(This is the second in a series of articles dealing with rapid transit and San Mateo County.)

At the conclusion of the first of this series, we quoted BARTD President Adrien Falk: "Nothing that San Mateo does or does not do in connection with rapid transit should delay the realization of our project in the remainder of the bay area."

What is pointed out by President Falk in that statement is that rapid transit can go on without San Mateo County.

The plan is now at county level. Once the decision gets beyond our Board of Supervisors, the decision becomes not a county decision, but a district decision. At primary election time, next June, whether San Mateo voters vote to go in or not doesn't matter one whit. By then it's a district decision of all the voters, and our county's affirmative or negative plurality will become lost in the avalanche of total votes cast.

The Board of Supervisors soon will begin a series of public hearings designed to sound out the voters on this issue.

The following travel times were compiled from the BARTD's special report on San Mateo County.

From Daly City station on the SP San Bruno branch, between Crest and Los Banos, To and from:

Burlingame14 minutes
Palo Alto31 "
Powell and Market 9 "
Oakland18 "
Berkeley28 "
Hayward35 "
LaFayette33 "

Travel time savings as seen from these figures would be substantial. Imagine sleeping through the alarm some morning, getting up to find that you have 30 minutes to get to work, and still having time to dress, grab some coffee, and at ten to nine grab a train that gets you to Powell and Market at 9.

Other features of these trains are interesting. First of all is the car design itself. Present plans visualize an electric stainless steel or aluminum car operating over continuous steel rails under automatic control.

Although not in control, an attendant will be aboard each

train to monitor the controls, and to act in case of emergency. The automatic system will start trains from storage points, run them, and stop and start them at all stations.

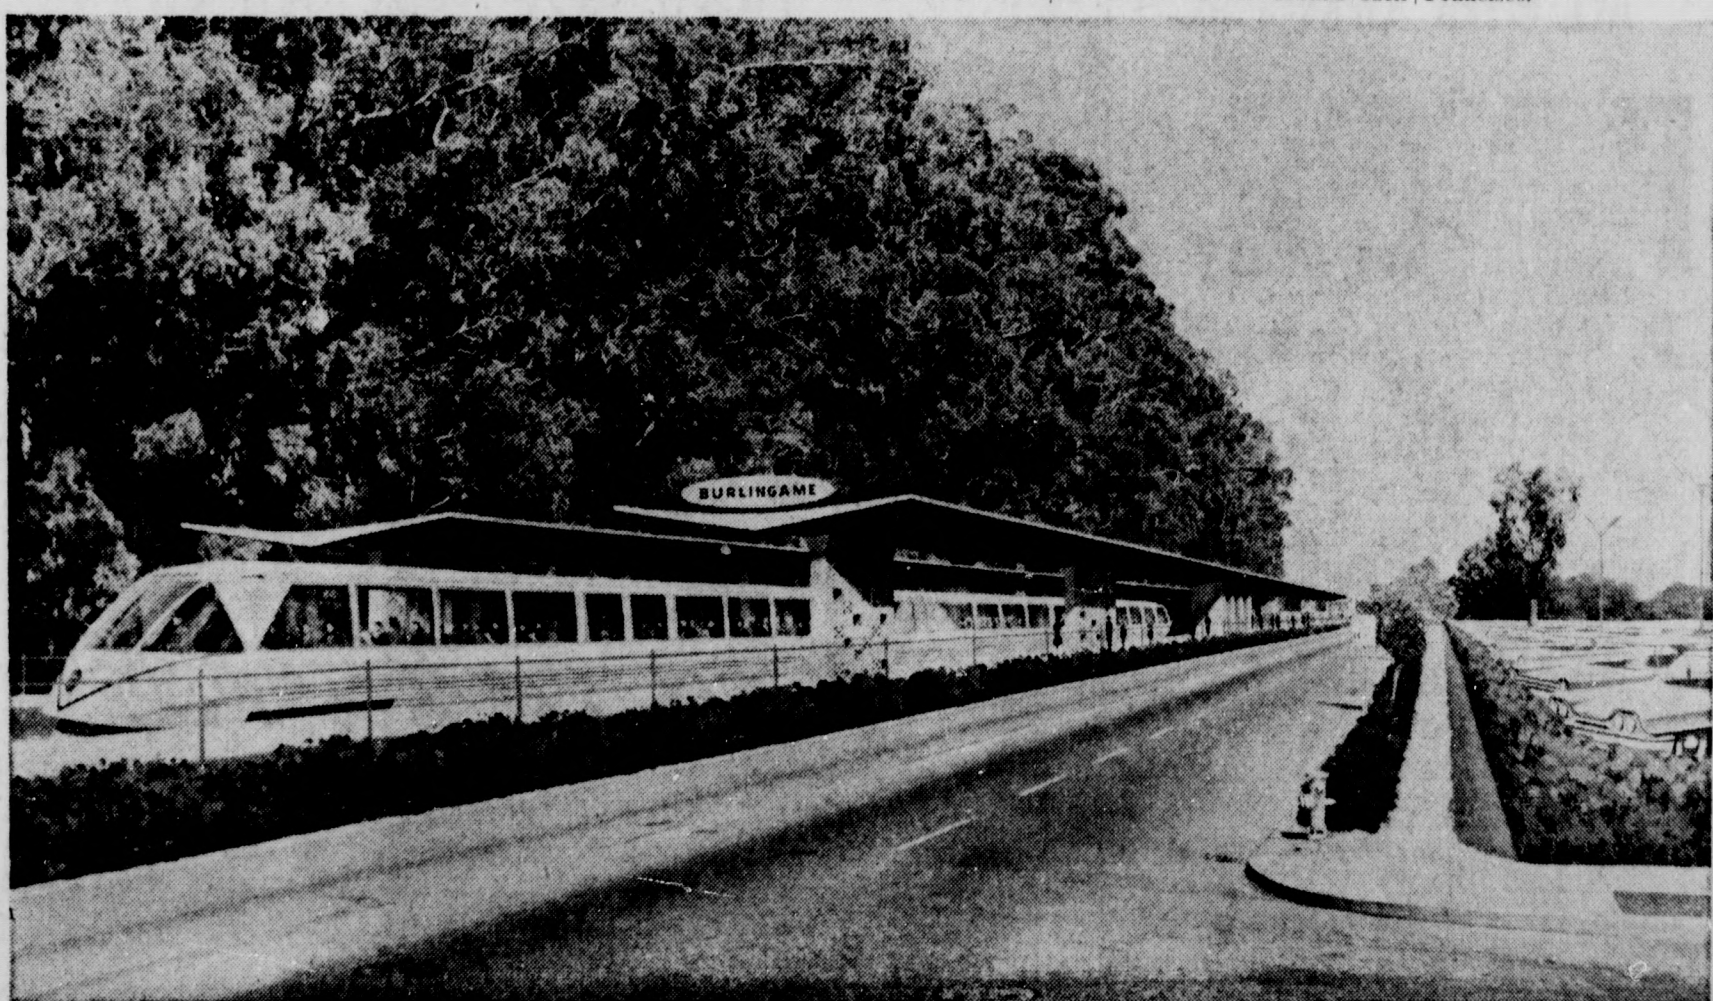

AUTOMATIC FARES

Fares will be collected automatically. Some sort of automatic device will compute your fare depending on how far you go, and then collect it. Regular patrons of the system can obtain charge cards enabling them to charge the costs.

The minimum fare is 25 cents. This will apply for any trip of eight miles or less. For longer trips the per mile rate decreases. Some sample costs:

From Daly City to:
Civic Center25c
Berkeley60c
San Mateo50c
Palo Alto60c
Walnut Creek85c
San Rafael75c

ARTISTS INTERPRETATION of the rapid transit facility at Burlingame station. The station is shown located north of Burlingame Ave. From here it's 23 minutes to downtown San Francisco.

CHRISTMAS PLANS — The Women's Auxiliary of the Madonna Residence, 270 McAllister street, San Francisco, is planning a benefit tea and Christmas Gift Festival on Nov. 30 at 1 p.m. Telling youngsters Janice Kelcheve and Timothy Forde about it are Mrs. Thompson (left) and Mrs. John DeFrancisco, president of the auxiliary.

For 1962...an all-new kind of Ford!

the car that's just right for just about everybody
right size... right price...

You've never seen anything like it, because *there's never been anything like it*... until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A good foot shorter than the cars from which it borrowed its name, it calls the snugest parking places home. At the same time, on the inside the new Fairlane 500 is every inch as big as some of the biggest Fords ever built.

The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with the world's first economy V-8 or the nickel-nursing Fairlane Six. Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or 6,000 miles on the rest. And it adjusts its own brakes.

RIGHT! Big-car room, ride, performance.
RIGHT! Compact-car price, economy, handling.
RIGHT! Only car anywhere near its price with the twice-a-year maintenance schedule first introduced by Galaxie.
RIGHT! Unique economy choice: the world's first economy V-8 or the delightfully thrifty Fairlane Six.

RIGHT! Fine-car upholstery, appointments, luxuries.
RIGHT! The built-in value that pays off in pleasure now—and in profit when it comes time to trade.
RIGHT! Quality and precision craftsmanship you've never before enjoyed in any car anywhere near its low price.

'62 FORD
FAIRLANE 500
Some cars have new names—this name has a new car

Madonna Residence Plans Festival

The Women's Auxiliary of the Madonna Residence is planning a benefit tea and Christmas Gift Festival November 30 at 1 p.m., 270 McAllister street, San Francisco. Madonna Residence, a home for retired women with limited incomes, is under the direction of Father Alfred Boeddeker O.F.M.

Under the theme "Once Upon A Christmas Time," the gala affair will feature attractively decorated booths in keeping with the festive air of the season.

A variety of fine merchandise including linens and laces, jewelry, gourmet items, bric-a-brac, Christmas decorations and religious articles, will be offered for sale. The public is cordially invited.

Eagle Scout Has Variety Of Interests

By RANDY MARCUS

A young freshman at Westmoor High School named Bob Beukers received his well-deserved elevation to the rank of Eagle Scout in the Boy Scouts of America last week.

He is the senior patrol leader for Troop 343 and is especially proud to have received the Scouting God and Country award for his church work.

The entire Beukers family is active in Scout work. Bob's father is scoutmaster, his mother is a Girl Scout leader, his sister is a Girl Scout and his younger brother is a cub Scout.

Bob has been keeping his grades above average in school, but has devoted some of his time to sports, too, and is on the cross country track team at Westmoor.

Among his varied interests are such hobbies as boat building, making radio sets, fishing, and playing the piano. However, his major interest lies in outdoor sports, particularly sailing, and if he has to take a tour of duty Navy.

Bob plans to go to college, possibly Stanford or the University of California at Berkeley, but has not decided whether to become a lawyer or an English teacher.

Adult Evening School Has Class Openings

Growth in the Jefferson Adult Evening High School reached its peak last week when more than 3,300 persons enrolled in more than 110 class offerings. Louis J. Martin, principal of the Adult School, stated that this semester's enrollment has increased about 75 per cent over last year.

Adults are reminded that many class openings still remain in most subject areas at Jefferson, Westmoor and Terra Nova High Schools. The customary registration fee of \$1 will not be charged for those persons enrolling now, since the semester has reached the midway point.

The following classes are still open for registrations. Call PL 5-1162 for information and a brochure of classes.

Westmoor High School—Philosophy, speed reading, preparation for citizenship, jewelry, all art classes, pottery, ceramics and sculpture, business machines, real estate advanced, shorthand, typing, clothes and dressmaking, auto shop, wood shop, interior decoration, and posture and exercises for women.

Jefferson High School—English for foreign speaking preparation for citizenship, clothing and dressmaking, machine shop, wood shop, and photography.

Terra Nova High School—Preparation for citizenship, English for foreign speaking, landscape painting, mosaics and design, real estate, shorthand, typing, clothing and dressmaking, auto shop, wood shop, mixed chorus, home gardening, and posture and exercises.

MALE OSTRICH

The male ostrich has several wives, according to the National Automobile Club. They all lay eggs in one nest, then leave all the hard work to father. He does almost all the work of hatching out his large family.

DESSERTS OF THE WEEK FROM Betty Crocker

Thanksgiving's almost here. Then just one short month to get ready for Christmas. Here in our Betty Crocker Kitchens, we've already started baking our holiday fruitcakes. It's so easy when you can store them away in the freezer. And we think you'll like our easy, —and surprising—recipe that uses Cake and Frosting Mix. Do try it!

Cake-of-the-week:

MYSTERY FRUITCAKE

Make Betty Crocker Devils Food Cake Mix as directed. Cool, crumble cooled cake into large bowl. Add 4 cups candied mixed fruit (two 1-lb. jars), 1/2 cup each whole red and green candied cherries (1 1/2 lb.), 1 1/2 cups seedless raisins (1 1/2 lb.), 1 cup dates, cut up (6 1/2-oz. pkg.) and 4 1/4 cups pecan halves (1 lb.). Make 1 pkg. Betty Crocker Fluffy White Frosting Mix according to directions, and add to cake and fruit mixture. Stir with spoon or toss together with hands until mixture is damp and blended together. PACK TIGHTLY into foil-lined 10" tube pan or two foil-lined 8 1/2 x 4 1/2 x 2 1/4" or 9 x 5 x 3" loaf pans. Pat down with buttered hands until smooth. Cover cake with foil and chill in refrigerator at least 24 hours. Or wrap and freeze. Makes 6 1/2 lb. fruitcake. Make other fruitcakes with Betty Crocker White, Yellow or Honey Spice Cake Mix.

Party Centerpiece:

TRAIN CAKES

Fun for children and grown-ups, too! Bake any flavor Betty Crocker Layer Cake Mix in an oblong pan as directed on pkg. Cut pieces of cake 4 x 1 1/2". Frost sides and tops with Betty Crocker Chocolate Fudge Flavor Frosting Mix; decorate with confectioners' sugar icing to resemble cars in a train. Candy lifesavers can be the wheels. 18 servings.

BETTY CROCKER
makes the difference...
taste it!

Seacliff Church Plans Festival

A youth rally of the Evangelical United Brethren Churches from Daly City, Oakland, Cupertino, and Walnut Creek will be held at Seacliff Community Church, 50 Northridge dr., Nov. 18, from 3 to 7 p.m. Young people will be uniting in fellowship through recreation, a barbecue, and a special magician's show.

The show will be presented by Dr. Joseph F. Prath, youth evangelist, who uses his "Scriptures Thru Magic" as "quicker than the eye" illustrations in pointing out the great truths of life in a new and interesting manner.

Dr. Prath has been active in the Youth for Christ movement since 1946. In the past years he has been working with many thousands of boys and girls among juvenile halls, detention homes, youth rallies, and many different church denominations.

Rev. Clark E. Robb of Seacliff Community Church extends a welcome to visitors of all ages to attend this special "Scriptures Thru Magic" show from 6 to 7 p.m.

B'Nai Brith Harvest Ball Is Nov. 18

A throng of more than 3,000 people is expected at the sixth annual Golden Harvest Ball planned by Central California B'Nai Brith Philanthropies for Saturday evening, Nov. 18, at the Sheraton-Palace Hotel in San Francisco.

This year's Harvest Ball will be the most elaborate ever planned with individuals, societies and merchants throughout San Francisco giving us complete co-operation.

The highlight of the evening will be the crowning of the Bonanza King and Queen. The man and woman who have sold the most tickets will be entitled to this honor. Prizes will be given to them, and the runner-up.

Admission is \$1 per person. Two cars and a \$1,000 Savings Bond will be given away.

This is B'Nai Brith's largest fund-raising affair, and finances derived from the ball will be used to continue B'Nai Brith's many Bay area philanthropic ventures, including hospital work, youth guidance and veteran rehabilitation.

Heading the committee are: Mrs. Abe Ight, San Francisco, over-all chairman for the women, and Norman Simons of Oakland, over-all chairman for the men.

Mrs. Norman Steinberg is over-all ticket chairman, and working with her are the following area ticket chairmen: Mrs. Sidney Stein and Yale Smulyn, San Francisco; Mrs. Hannah Greenfield and Sam Leavitt, Marin; Mrs. Lee Schwartz and Sy Morsoff, Peninsula; Mrs. Abe Bochman and Jack Goldstein, East Bay. Ralph Silverman is over-all publicity chairman, assisted by area chairman Mrs. Charles Wine and Mrs. Norman Taubel.

Also on the working committee are the presidents and chairmen of all chapters and lodges.

Labor's Choice: Moderate Demands Or Face Federal Government Control

"If labor does not moderate its wage and benefit demands, the free enterprise system as we know it will face a severe test," says a University of California, Davis, labor economist.

Martin F. Oettinger, assistant professor of economics, sees the federal imposition of wage and price controls as a serious possibility if labor's demands for higher wages and fringe benefits continue to be greater than the increase in productivity.

"The wage-price spiral cannot continue indefinitely," Oettinger declares. "If manufacturers continue to find it necessary to raise prices to offset increased production costs, due to higher wages," he warns, "we will price our goods out of the international market as well as create a built-in inflation mechanism."

The alternatives, Oettinger points out, are either for the manufacturer to absorb the cost increase and thus reduce his profit margin, or to get greater productivity from the labor force.

"The preferable situation," continues Oettinger, "is for wages to remain constant and prices to decrease commensurate with productivity increases. 'A price decrease,' he says, 'benefits all consumers, especially those with fixed incomes; whereas price increases fall hardest on fixed income people.'"

Oettinger would like to see a representative of the consumer (appointed by the federal government) included in collective bargaining negotiations in the basic, "pattern-setting" industries. "When union contracts

Lovely Fashion Gals Make Pedro Valley PTA Meet Enjoyable

A parade of lovely young models showing home sewn fashions suitable for every occasion highlighted the monthly meeting of the Pedro Valley PTA.

An enthusiastic audience viewed the show put on by the children under the direction of Mrs. Joseph Florioli.

Mrs. Glenn Stamm, PTA president, congratulated the membership committee headed by chairman Mrs. Charles Rowley, for the results of the recent membership drive in which nearly 400 memberships were obtained.

The first place award for obtaining new memberships was won by Mrs. Striker's sixth grade class closely contested by Miss Clasp's fourth grade class who won the second place award.

Addressing the group, L. S. Buel, principal of Pedro Valley School, asked the parents for their cooperation in making the first parent-teacher conference of the school year a success. The purpose of the conference, Buel stressed, is not just to report on the student's progress, but to develop a mutual understanding between the teacher and the parents in determining the educational needs of the student.

Eighty-one books purchased by the PTA for the school library were on display.

Volunteers are needed to work an hour and 30 minutes per week in the school library, announced Mrs. Alan Kirby, library committee chairman. Those interested can contact her at EL 9-0974.

At the close of the meeting, the award for the most parents attending was won by Mrs. Johnson's first grade class.

Jewish Language Is Discussion Subject

The Jewish Community Center of Pacifica will hold a discussion on the subject: "Hewbrew — a Living Language" on Friday, Nov. 24, at 8 p.m. at the Mort Levinson home, 820 Sandish road, Pacifica.

Discussion leaders will be Ray Levin of the American Zionist Council and Miss Frances Sussna, instructor in the College of Jewish Studies of the Bureau of Jewish Education in San Francisco. They will open the meeting with a Sabbath eve service.

OES Bazaar To Be Held December 6

Helen Hunt, worthy matron of Roosevelt chapter, O.E.S., announces the annual bazaar of the organization will be held on Dec. 6 at Golden Gate Masonic Temple, 14th avenue and Taraval street.

Sale booths will feature holiday gift items, plants and flowers, home-cooked foods and Christmas cards. Following a hot luncheon to be served at noon, cards will be played.

VFW BAZAAR NOVEMBER 17

The annual bazaar sponsored by VFW Old Glory Ladies Auxiliary 2044 will be held on Nov. 17 and 18 at Donahue's display room, 6267 Mission street, Daly City, from 10 a.m. to 9 p.m.

There will be a variety of hand embroidery work, aprons, and many articles suitable for Christmas gifts. The sewing club has been busy all year working for the bazaar, and President Emma Porter feels patrons will not be disappointed.

President Porter accompanied Ann Walters to Palo Alto on Nov. 11 for the ceremony at the Menlo Park Veterans Hospital, the dedication of the chimes for the chapel organ, a gift of the United Veterans coordinating group.

President Porter and Mrs. Leona Kester, national home chairman, packed and shipped 16 attractive dressed dolls to the veterans national home in Eaton Rapids, Mich. The dolls were dressed by Mrs. Marie Gehrig and will make Christmas gifts for the little girls in the national home. National home chairman Leona Kester's next project will be assembling gifts for boys in the home.

Scout Troop 129 To Hold Drive

Boy Scout Troop 129 of Daly City will conduct a newspaper drive on Saturday Nov. 18 according to Scout Master Herb Stettler.

The newspaper collection drive will take place between 9 a.m. and 3 p.m. Its purpose is to raise funds for troop activities.

Several thousand staffers have been delivered by the boy scout troop informing home owners of the Saturday collection. Families having newspapers to give to Troop 129 are asked to place the papers in front of their homes. Collection will be made in Broadmoor, St. Francis Heights, and Westlake Knolls.

WHITE PELICANS

White pelicans, reports the National Automobile Club, are one of our largest American birds. Their wing spread reaches nine feet.

San Francisco Male Chorus Needs Singers

Now is the time for all good voices to come to the aid of Men of Note, the well-known San Francisco male chorus.

The group has commenced its 10th consecutive season and has hung out the "Help Wanted" sign for new voices. The only requirement is to be serious about having fun with music.

Men of Note meet each Monday evening at the Sunset Recreation Center, 29th and Lawton. Mrs. Mable Jacobs, Men of Note Director, raises her baton promptly at 7:30 and the last chord fades away at approximately 9:31. If you would like to reassure yourself that your voice is welcome, telephone Mrs. Jacobs at JU 4-8135.

In addition to this call for new members, the Men of Note encourage individuals and businesses to support their efforts to bring San Francisco their brand of distinctive choral music. For this purpose, there are five dollar Associate Memberships being sold entitling the "angel" to six tickets to the Men of Note Annual Concert and a grateful mention in the concert program.

Christmas Seals Place Mats Made

Four Daly City organizations will use place mats and napkins decorated with Christmas Seals at their luncheons this month. Martin Orloff of Colma, board member of the San Mateo County Tuberculosis and Health Association, has made arrangements for the optimists, rotary club, merchants association, and YWCA to use the decorations at their meetings at the Westlake Bowl.

Orloff pointed out that the Christmas Seal campaign which began this week provides all the funds for the TB Association.

"Everyone in Daly City and Colma has a stake in making our community a healthy place in which to live," he declared. "When we voluntarily and in the privacy of our own homes decide to contribute to and use Christmas Seals, we are doing our part to prevent TB and to bring those who have it to the care of physicians, thereby helping to save lives."

Couples Wanted For Baby Care Class

Thirteen couples are wanted by the Red Cross and the adult center of Westmoor High School. Why? To take the popular expectant parents' class in mother and baby care which will begin November 20 from 7:30 to 9:30 at the high school.

The course will continue until Dec. 11, with a holiday on Nov. 22 for Thanksgiving.

The only requirement for the thirteen couples is that they must be expecting an addition to the family within the next two months or so, according to Mrs. Caroline Bourell, R.N., and Mrs. Beverly Ross, R.N., who instruct the classes.

Advance registration is requested by calling PR 6-1500 or DI 3-4561.

Sailor Completes Duty

James G. Taylor, machinist's mate second class, USN, son of D. H. Taylor of 852 Beechwood drive, Colma, is serving aboard the guided missile aircraft carrier USS Kitty Hawk, the world's first ship of its kind, home ported at San Diego.

The new ship has just completed its trip around the Horn at the southern tip of South America, to join the Pacific Fleet.

Daly City - Colma Scouts Plan Big Weekend In Marin

All Boy Scout patrol leaders and assistants from the Daly City-Colma area of the Lake Merced District, San Francisco Council, Boy Scouts of America will attend a training conference at Camp Lilenthal, Marin County Nov. 17 and 18. Richard Ross, local District Scout Executive, announced.

Over 100 local Boy Scout boy leaders Friday, will be checking in for their annual training event. The conference is open to all patrol leaders, assistant patrol leaders, senior patrol leaders and assistant senior patrol leaders in the Lake Merced District.

Program for the two days includes a job workshop; preview of a new movie "The Right Way"; and special sessions on patrol organization, hiking, camping and planning activities. Highlight of the conference will be the demonstration of some 16 different scouting skills.

Some of the skills to be demonstrated will be whipping a rope, safe handling of a hand

axe, making of a "fuzz stick" from a Scout knife, first aid for burns, identifying trail signs, measuring the heights of trees and widths of rivers.

A special certificate will be presented to each boy at the closing ceremony Saturday afternoon. Ross said parents and interested people are invited to the San Francisco's camp near Fairfax anytime during the two days especially during the special demonstrations from 1 to 3:30 p.m. Saturday.

Turkey Whist

Islam Chapter, Order of DeMolay, completed plans today for its annual "Turkey Whist," to be held Friday evening, Nov. 17, it was announced by Jack Ballentine, master counselor of the chapter. The whist party will take place in the Richmond Masonic Temple, Arguello blvd. and Clement street, at 8 p.m.

Michael Barham is chairman of arrangements. Alexander L. Croce, secretary of the California Packing Corp., will be the master of ceremonies.

Say "Merry Christmas" the way you like, with cards that reflect your own good taste. You'll find just what you want in our marvelous collection of styles and designs, all suitable for imprinting with your name.

Congregation B'Nai Brith News Briefs

Mrs. Kurt Goldstrom, national vice president of ORT at the 16th biennial convention held in Philadelphia, will be guest of honor of the congregation and the northern Peninsula chapter of Womens American ORT at Sabbath services on Friday evening, Nov. 17, at Congregation B'Nai Israel, 67 Los Banos.

Mrs. Goldstrom is a member of Congregation B'Nai Israel. Mrs. Ike Goldberg, who is also a member of Congregation B'Nai Israel, will host the Oneg Shabbat held after the services in the capacity of president of the Northern Peninsula chapter.

Mrs. Frank Gold, vice president of the chapter, will kindle the traditional Sabbath candles.

This is in keeping with the annual observance held in synagogues and temples throughout the country in honor of the work done by ORT, a worthwhile organization which gives vocational education and training to needy and uprooted Jewish people.

Rabbi Solomon A. Shore will not deliver his customary sermon at this special occasion.

Mrs. Leon Hoffman, president of the Sisterhood, announces that all plans have been completed for its annual Chanukah Bazaar to take place on Sunday, Nov. 19. This bazaar will feature all sorts of Chanukah merchandise and decorations.

There will be lunch for the children, baked goods, delicacies, sewing specialties and many other items of value. Members and friends are urged to attend this affair, which will commence at 12 noon in the social hall of the congregation.

B'Nai Brith Plans White Elephant Sale

A "White Elephant Auction" will be held at the regular meeting of Skyline B'Nai Brith Women on Nov. 21 at 8 p. m. at the Lake Merced Sports Center on Skyline boulevard.

Many interesting items will be auctioned, with proceeds being donated to Belafaire Children's Home, one of the many philanthropies of B'Nai Brith.

Chairmen for the evening are Mrs. Bernard Finberg and Mrs. Robert Elefant. Refreshments will be served. Members and friends are invited.

Value is the intrinsic worth of any good or service for satisfying human wants.

Saint Ignatius Alumni Plan Dinner Dance

The St. Ignatius High School Alumni association will hold its annual dinner dance from 7 until midnight on Saturday, Nov. 26, in the high school gymnasium.

All alumni are cordially invited to attend, and enjoy an evening of fun. Dancing will be to the music of Maury Wolohan's orchestra.

For further information and reservations, call the alumni office at SK 2-2004.

Wesleyans To Have Sunday Coffee Hour

The Wesleyan Service Guild of St. Paul's Methodist Church, Mrs. Gordon Robinson, president, will hold a coffee hour in the church Fellowship Hall, Sunday, Nov. 19 at 10:30 a.m. It is hoped that those attending the 11 a.m. worship service will come early enough to enjoy this fellowship with those who attended the 9:30 service.

NEW BROWNIES

A newly organized Brownie troop, sponsored by the Wesleyan Service Guild of St. Paul's Methodist Church, will hold an investiture ceremony at the church, Wednesday, Nov. 15 at 7 p.m. This group meets weekly at the home of the leader, Mrs. D. I. Carlson, 422 Beach ave.

Mercian Club Meets

The Mercian Club of Our Lady of Mercy parish held its communion breakfast Oct. 15 in the parish hall. A dance will be held Nov. 24 from 8 p. m. until midnight. All CYO club members are invited and may bring a guest.

Ministerial Assn. Officers Are Elected

New officers were elected for the Daly City Ministerial Association at a recent meeting.

Elected president was Rev. Lynn Hodges of the Westlake Community Baptist Church; vice president, Rabbi Solomon Shore of the Temple B'Nai Israel; secretary, Rev. Herbert Tweedie of the Broadmoor Presbyterian Church, and elected treasurer was the Rev. Clark Robb of the Seaciff Community Church.

Retiring officers are: Clark Robb, president; Lynn Hodges, vice president; Solomon Shore, secretary, and Vernon Thomas of the Broadmoor Church of the Nazarene, treasurer.

The ministerial meeting was held at the Broadmoor Presbyterian Church. Business included reports of the "Festival of Music" conducted for the anniversary celebration and the coming Union Thanksgiving services.

These two inter-church services will be held on Thanksgiving Day, Nov. 23, at 10 a. m. at the Seaciff Community church the Grace Presbyterian Church and the Seaciff Community Church. The public is invited.

B'Nai Israel Sisterhood To Hold Chanukah Sale

Members of Congregation B'Nai Israel and their friends are urged to do their Chanukah shopping at the Sisterhood bazaar, to be held Sunday, Nov. 19, at 67 La Banos avenue, Daly City.

Chairman Mrs. Morton Dobrow announces that there will be an array of attractive Chanukah gifts for sale, such as Israeli menorahs and candlesticks, children's books and games, Chanukah wrapping paper and decorations for the home.

In addition to these items, there will be a large variety of new and near-new books, patterns, yardage remnants, plants and plant slips, jewelry, canned goods and food specialties. Games for the children have also been planned.

Doors will be open from 12 to 3 p. m.

Edward Dennis Re-elected Head Of Milk Drivers

Councilman Edward J. Dennis, for 15 years president of the Milk Drivers Union, Local 226 of San Francisco and San Mateo counties, was re-elected without opposition for a three-year term last Wednesday.

Having a membership of 1,300 members, this organization has made advancements in wages, hours and conditions without any work stoppage during the past 58 years.

Dennis, a native of Daly City, has served on the city council for 11 years, serving as mayor in 1959 and 1960.

Fashion Show To Be Held In Sharp Park

A fashion show, sponsored by the Church of Jesus Christ of Latter-day Saints, will be held from 8 to 10 p. m. on Nov. 17 at Masonic Hall in Sharp Park. Price of tickets is \$1.50.

Proceeds will go to the church building fund. Ben's Country Store in Rockaway Beach will furnish the apparel for the show.

MAINLINERS — Currently appearing in the Mainliner Theater Guild's production of "The Rainmaker" by N. Richard Nash are Glen Lea of Redwood City as "Fle:" Dorothy Wilson of Burlingame as Lizzie Curry; Don Heissenbittel of Daly City as "Noah Curry" and Don Christensen of Daly City as "Starbuck." The play will be held Nov. 17-18 at the Veterans Memorial Building, 1455 Madison avenue, Redwood City. Curtain time is 8:30 p.m. Director is Lamar Barron.

Northern District Boy Scouts Hold Recognition Dinner

The San Mateo County Council, Boy Scouts of America, in behalf of the National Council, bestowed upon Raymond Stull, local district commissioner, the Silver Beaver Award, Tuesday night at the Northern District Scouters recognition dinner, held at Westmoor High School.

The Silver Beaver is the highest award given on the council level. It is awarded to outstanding volunteers for their unselfish devotion to scouting and their distinguished service to boyhood.

Stull has served as northern district commissioner, for the past four years, and previously as assistant scoutmaster, and neighborhood commissioner. He has also served as wood badge instructor for region 12, and in the local council as instructor to training "Show'n'do," and was instrumental for the formation of the Council of the Grand Coup for the induction of "Bobcats" in the Cub Scout program.

The Silver Beaver was presented by Victor Sharpe, deputy regional executive, and assisted by L. L. Johnston, council president, and Earl F. Schmidt Jr. council scout executive, and Harold Monzon, holder of Silver Beaver. Re. Robert Lundy and Dr. J. C. McGovern served as honor guards.

Mrs. Stull was presented with a beautiful corsage. The Order of Merit, the top award on the district level, was presented to Mary Lou Humber, den mother and coordinator of the Den Mothers Workshop, and to Joseph O'Connell, area commissioner.

Troops Get Recognition

The following unit troops received certificates for having 40% (or more) of their Scouts attain first class rank: Troops 69, 77, 80, 84, 129, 259, 276, and Posts 77 and 179.

National Camping awards for units meeting the national camping requirements of at least 10 days and nights of camping during the year: troops 11, 69, 77, 80, 84, 129, 179, 260.

276, 288, 294, and 298.

Den mother awards, for serving (at least) 2 years as den mother and taking required training went to: Lois Evans, Gladys Turner, Genie Chisholm, Ann Gianni, Sylvia Andrews, Dorothy Erison, Phyllis Wood, Marjorie Mallorino, Carolyn Sullivan, Norma Piazzo, and Anita Carter.

The following awards are for serving at least 3 years and taking the necessary training: Scouters awards to Henry Garcia, Guido Belmessiero, John House, Claude Turner, William Moler and Edward Ted Ekers. Cubmasters Key to Harold Humber and Paul Teams. Scoutmaster's Key to Frank Garretson, John Pickens and James Sayles. Commissioner's Key to Joseph O'Connell, Robert Bridges, and Sayles.

The Arrowhead honor award for satisfactory service to units, went to Commissioners Stephen Bottoms, Al Lindgren, and Vincent Minniek.

Scout Robert W. Fernekes of Troop 129 was presented with his Eagle badge by Mayor Guido Rozzi of South San Francisco, and Ray Lichtenberg, district advancement chairman.

Ten Year Veteran Awards were given to Herbert Stettler, Robert Fernekes, George Davidson, Robert Bridges and William Lawrence, Harold Humber for 15 years, and Ken Carter and Elmer Wieler for 20 years of service.

The scouters enjoyed a delicious turkey dinner served by Mrs. Ann Barretto of the Westmoor cafeteria.

Dinner music was furnished by Explorer Post 77 band. Over 200 persons were in attendance according to District Executive Ernest N. Casados.

HONEYBEES

Honeybees produce 200 million pounds of honey and four million pounds of beeswax each year in the United States, according to the National Automobile Club.

WHAT'S DOING

T. P. Coyne, your Telephone Manager in Daly City

Those tents you occasionally see on telephone lines may have set you wondering what sort of mysterious operation was going on inside. Actually, it's no mystery. The tents are simply protection against rain, wind, or hot sun for phone men splicing cables together.

It's one "undercover job" that helps assure the dependability of your phone service, since tents like this allow us to make cable repairs in just about any kind of weather.

Do you know how the telephone company helps bring you network TV?

From a studio, a network television program is sent first to a telephone company TV control center like the one shown at right. From here, the television picture speeds along a network of special telephone circuits to stations in other cities for broadcasting to homes. At check points across the land, the program is carefully watched on monitoring screens. Highly trained telephone men check constantly so you'll get the best possible picture on your television set.

In this way telephone people help bring you television from the entertainment capitals of the nation.

Remember the first portable radios? They were giants compared to the tiny pocket-size models so commonplace today. The invention of the transistor by the Bell Telephone Laboratories helped make smaller radios possible.

That was in 1948. Today, transistors are used throughout the telephone industry and in everything from hearing aids to satellites.

For your family,
Betty Crocker suggests a
creamy smooth wheat cereal with
a wonderful flavor—Wheat Hearts

Breakfast is the most important meal of the day, because it's the first. So it should be hearty and nourishing. That's one reason why Wheat Hearts is so popular here in the West. It gives you a hot, hearty breakfast with a good share of the protein and Vitamin B, you need every day.

And folks like Wheat Hearts for its distinctive flavor, too. It's a toasted, nut-like flavor that no other cereal can match.

Try it, with milk or cream and maybe a little honey. And remember, as Betty Crocker says:

"You and your family need a good, healthy breakfast to start you on your way... And the healthier your breakfast, the happier your day."

SPORTS

WARRIORS STAVE OFF WESTMOOR HOLD ON FOR 13-6 VICTORY

In a stirring contest played last Friday, the Westmoor Rams couldn't quite manage to pull it out, and the Warriors of South San Francisco swept into a second place tie by giving the Rams yardage every place but around the goal.

The Warriors, who needed this victory for a chance at the league title, earned their first touchdown by literally taking the ball from halfback Mike Barich as he was running down field. Barich, who had just caught a swingpass from Steve Funai, Ram quarterback, bobbled the ball and regained possession of it behind his back and began running down field. At this time a South City player took the ball from Barich and began running. Although he was tackled, this set up South City's first touchdown.

Warriors took the ball on the Rams 49 yard line and in eleven plays the Warrior quarterback threw a 10-yard pass to Dick Drake for the touchdown. The try for the conversion was wide.

During the second quarter, the Warriors took the ball on Westmoor's 44-yard line and in eight plays South City had its

second touchdown. The ball was run over by the Warrior's Tom Enberg, and the touchdown provided the winning margin. The conversion was good.

In the third quarter the Rams took the ball on their own 31 yard line, and in twelve plays Westmoor had its first touchdown. Successive passes to ends Gary Allard and Steve Schmuck, and a 15-yard touchdown run by Mike Barich, featured the Rams 69-yard touchdown march. The running conversion was stopped, giving South City a 13-6 lead.

Although there was no scoring in the fourth quarter, the Rams had almost complete control over the Warriors with the exception of South City's touchdown bid. Westmoor's goal line defense held the Warriors from their third touchdown. Warriors had a fourth and 2 for their third touchdown and were stopped on an end sweep on the one foot line. Initial stop was made by Steve Schmuck, Tony Smith, and Mike Bowers. Rams then took the ball and in eight plays moved to the Warrior 39 yard line. There the Warrior defense held.

It's SPARE TIME

at Westlake Bowl

by Jim Grealish

Free Thanksgiving turkeys is the latest innovation at Westlake Bowl in the Headpin Turkey Shoot. With a free turkey for one of every eight contestants, the winner is determined by the one knocking down the most pins in twelve frames, rolling one ball in each frame against a full rack of ten pins. The only catch is this — unless the headpin is hit, the bowler receives zero for the frame. If the headpin is hit, he receives a point for each pin knocked down. Being strictly a social event, no established average is necessary, nor must the contestant be a league bowler.

Nellie Witt and Jane McLeary were the leading ladies in the Twilight Mixed Fives with 509 and 508 series respectively. Nellie shot a 204 game on her way to her high series.

The golfers in the Olympic Club League all asked the same question last Monday night — "Where did the ball go?" as Joe Charles left the 7-8-9 pins standing, then proceeded to convert them.

Hope to see Bill Dillon back in action soon after his sojourn in the hospital. Meanwhile mother-in-law Iram Graffman is keeping him posted on her accomplishments, like converting the 4-7-9-10 split — worth about \$18,000 on the "Make that Spare" television show.

Have you seen the wonderful paintings on the windows at the Bowl? Doris Cunningham has shown that she has talents other than bowling by depicting a Thanksgiving theme on the restaurant and nursery windows.

Now that wife Doris has temporarily retired from bowling, Ralph Arnott feels that he is bowling for two, as evidenced by his 230-192 and 196 games for a 618 series in the Westlake Knolls League.

Next Saturday marks the

start of our Saturday Swiss Singles. With more than half of the thirty-two spots on the squad already filled, it is expected that all the spots will be filled before Saturday. With scoring on the professional National Bowling League basis, many bowlers are interested in this novel system of deciding the winner.

The 825 Scratch League bowlers witnessed the comeback of the year as John Davis of the Cattleman's Club team bowled a 619 series on games of 214-194 and 211.

Next Tuesday evening will find over fifty Pacific Telephone salesmen at Westlake for their annual bowling-buffet. Chairman Bob Turner reports entries have been received from as far as San Jose.

Dave Lorin didn't let an injured leg bother his bowling, as he shot the high series of the week, a 653 and a high game of 258. Hillie Narin and Tony Santos ran neck and neck in the American Masters 900 Scratch League with 626 and 625 series.

Next Sunday at 1 p.m. will be the rolloff for all those who won Bowler of the Month plaques during the past year. The winner will receive the bowler of the year crown.

Two new groups have joined the Daytime League activity. St. Monica's Mothers' Guild has formed the nucleus of its league and is expanding. Mrs. Fasendin is adding members and actual league competition will begin after the Christmas Holiday season.

The second group to start is the Faculty Wives Club of San Francisco State College. Mrs. White has formed a social bowling group which meets once a week.

Dick Truesdell is giving new groups a thorough instruction program with a weekly series of films, group and personal instruction on the lanes.

Champs Emerge

Two league championships were decided this week. In the fifth grade league the PAL Eagles came from behind to defeat the OLPH Blues, 14-7. This gave the Eagles a five win and one tie record for the crown. The Holy Angels Lions grabbed second place with a 10-0 win over the BYA Bruisers. Four wins, one tie and one loss for the Lions' season record.

Sixth grade league play still has one week to go. This week the Holy Angel Colts held the top spot with a five and one record. The Colts won over BYA Art Colvin in a 12-6 battle this week. The BYA Bombers knocked over the favored PAL Bears, 12-0. The Bears are tied for second with the BYA Little Giants. Both teams have 4-1 records. They meet next week to fight it out. In the other sixth grade, the OLPH Golds won over the BYA Rebels.

Seventh grade play saw the PAL Knights edge out the PAL Golden Bears, 12-6, in a playoff game for second place. Next week the Knights meet the OLPH Bulldogs in the final playoff game for second place. The PAL Tigers clinched the title in this league with a perfect record for the season.

The playoff game for the championship of the eighth grade league saw the BYA Darts bounce back after a 32-0 loss at the hands of OLPH last week and defeat the PAL Cowboys for the league championship.

San Francisco, one of the world's greatest seaport cities, serves more than 85 shipping lines.

JEFF HIGH School's 120s. (Front row) T. Snodgrass, T. Gennie, A. Stoller, capt., G. Walker, J. Quan. (Back row) J. Broda, R. Swift, R. Mauer, R. Howe, F. Frankos, Coach R. Warne.

Touch Football Game Results

Fifth grade league saw the PAL Eagles win the championship over OLPH Blues, 14-7. OLPH Blues.....7 0 0 0-7 PAL Eagles.....0 0 6 08-14 TD—Larry Belfridge, 20 yard run. Safety—Butch Bonifito. TD—Larry Belfridge, 40 yard punt return.

Sixth grade league saw PAL Bears win their fifth game with only one game left. The PAL Bears are the only unbeaten team left in the league.

BYA Bombers.....0 0 0 0-0 PAL Bears.....0 6 6 0-12 TD—Bobby Nolan to Frank Nappi, 25 yard pass. Nolan to Barry Perrone, 35 yard pass. Seventh grade results: PAL Knights dropped the PAL Golden Bears in a play-off game. OLPH Bulldogs will meet the PAL Knights on Saturday, Nov. 18, in a play-off game for second place.

PAL Golden Bears 6 0 0 0-6 PAL Knights.....0 6 0 6-12 TD—Joe Cardozo to John Greg, 28 yard pass. Knights: Matt DeBernardi intercepted pass 25 yards, Golden Bears; Mario Blandini to Larry Black, 48 yard pass, Knights.

Fall - Winter Parks Program Is Available

The 1961-62 fall and winter program of the San Mateo County Parks and Recreation department has been printed and is now available, according to Ralph H. Shaw, superintendent.

The program includes: A location map of the county parks, Coyote Point, Flood, Huddart, Junipero Serra, Memorial, and Sam McDonald; the historical sites, Sanchez Adobe and Woodside Store.

The procedures and requirements for youth, industrial, fraternal and church groups making reservations are listed.

The fall and winter program of activities and recreation facilities available in each park is provided. Also included are the safety rules for the protection of the public and parks, the functions of the county parks and recreation department, department personnel supervising each park, and a short history of planning, policies, and the county's coordinating role in recreation.

The program may be obtained by writing to Ralph H. Shaw, director of parks and recreation, courthouse, Redwood City, or by calling DA 2-1188.

Blood Donors

The following residents of Colma and Daly City recently donated blood to the Peninsula Memorial Blood Bank:

First—Kenneth Gamblin, Mrs. Delmer Dilbeck and Angelo J. Infusino, all of Daly City.

Second—Mrs. Louis A. Colunga of Daly City. Eighth—Lawrence M. Anderson of Colma. Fourteenth—Royland T. Buckley of Daly City.

each; and Joe Benetti and Eddie Rodriguez each drew. All are from South San Francisco.

White Belt victors included Larry Medrano and Ken Karper, each with a win and a draw. Both are from San Bruno, as is Jack Angius, who registered a draw. Charlie Wright of South San Francisco lost.

All will enter the match at Berkeley on Saturday.

In the junior division, Joe Colon of South San Francisco had two wins and a loss; Richard Thill, South San Francisco, and Fred Bennett, San Mateo, each drew; and George Koitke, San Mateo, and Jody D'Embeau, South San Francisco, each lost.

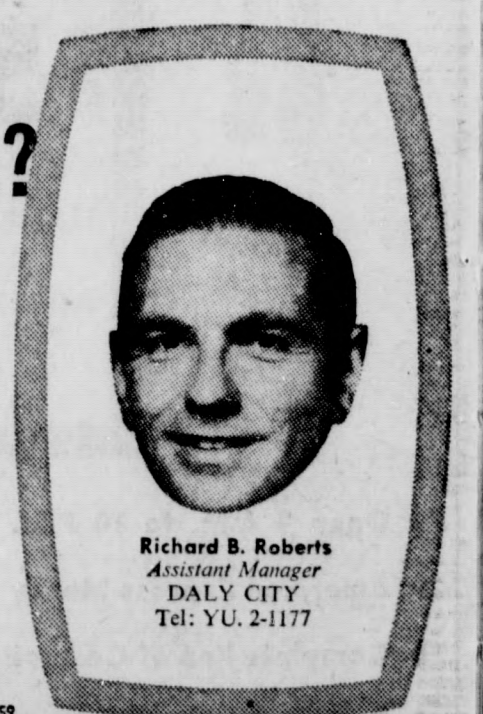

In the Brown Belt class, Joe Souza earned two wins by throws and a draw and was himself edged out of third place. Rick Ramirez and Phil Lara had a win and a draw

When should you buy Life Insurance?

The best time is when you are young because then annual premiums are low. But many young married men face a dilemma. They decide to postpone the purchase of life insurance till their family situation creates a greater need. However, they find later that premiums are higher and in the meantime, they run the risk of being uninsurable. Here's a sound formula for meeting the problem. It's Manufacturers Life's "Security Graph plus G.I.B." — Security Graph helps avoid costly postponements by setting up a plan for buying insurance according to future needs and ability to pay. G.I.B. is a new policy rider that enables the buyer of a new policy to purchase more insurance at regular rates at specific dates in the future — regardless of changes of health or occupation.

Talk to the Man from Manufacturers Life about this new security formula today.
